Alternate for Interior finish includes: 1 sidewall with painted gyp, all other walls steel stud, bat insulation, painted gyp.(no permit fees)											
Alternate for HVAC includes: Split system with electric heat and cool sized per unit with engineering drawings,(no permit fees)											
Alternate for electrical adds includes: LED lights, outlets, exit emergency lights, engineering drawings, (no permit fees)											
Alternate for restrooms include: 1 tank toilet, 1 wall mounted lavatory, 1 faucet with electric heat, exhaust fan, 1 light, 1 switch, 1 gfci outlet, steel stud, gyp, rubber base , painting, engineering drawing. (no permit fees)											
Alternate for security syst: includes 110 v hookup for panel, connectivity thru cellular contactivity, 2 door contact sensors, 2 motion sensors, 1 year of monitoring.
